Installation and maintenance of electrical systems at various manufacturing plants.

# GOOD CV

Show interesting and professional activities.

Make sure to show any achievements you are proud of.

## **Achievements and Interests**

I enjoy reading non-fiction books, solving puzzles and socialising with friends and family.

When I was at college I was part of a project in which I did several activities to raise money to build a school for children in Ethiopia. I did bag packing at the supermarket, a sponsored run, bake sales and a children's activity day. Overall, I raised £2500 adding to the £15,000 the group raised.
